A MERRY CHRISTMAS ...and thank you!

2010 has been an exceptionally good year for Barnes Healing Church, but sadly rather less for the United Kingdom overall.

It may be that in 2011 the Church, with its remit to heal and help others will be supporting many people facing new and unforeseen hardships in life. If this is the case we will be needing the ongoing support of those wonderful people who made 2010 such a spectacular success for our lovely church.

Many thanks for the love and dedication of supporters, attendees, healers, mediums, workshop management and teachers, the administrative team, kitchen and garden helpers,

fund raisers, members, board members and so many others, that have served Barnes Healing Church and its community to such wonderful effect.

And thanks to our inspired workshop organiser we have been able to enjoy, amongst other things, first rate workshops covering a fascinating range of topics, from crystals to regression, from the tarot to animal healing and all very reasonably priced to make them as accessible as possible.

And we must not forget all those beautiful ceremonies - the weddings and prayers that brought so much sacred spirit into this special place of peace. Happy New Year to everyone!
