Tricia is a dynamic teacher and her workshop is full of interactive techniques, including visualisations and ideas that provide a thrilling introduction into learning about ones previous lives. In her own words "this is a workshop to find out about reincarnation and past life regression... we will be trying out some practical exercises and I shall be running at least one group regression." For more information about Tricia go to her website: [www.healyourpastlives.co.uk](http://www.healyourpastlives.co.uk)

June-Eleni Lane's Psychic Art Workshop will explore aspects of psychic art, from remote viewing to spirit connection. Held on **April 16th** this intriguing day reveals how art acts as a bridge for both psychic and mediumistic practice.

June-Eleni Lane's reputation is without equal... Those attending will discover how to use the chakras to develop their psychic senses, and also find out how to direct energy to ensure the most accurate interpretation of the messages received. Please bring drawing paper and coloured pencils.

## A Different Kind of Church for a Society in Need

As we move into 2011 more and more people are openly questioning authority and its wisdom... including religious groups. In such an atmosphere of uncertainty the need for non-denominational houses of prayer become increasingly important. Places of healing, serenity and meditation without ties to fixed doctrines have never been so important. The scope to provide sacred space without prejudice is essential for a society under constant pressure from city life in all its forms.

The Chair of Barnes Healing Church is the Rev Verity Jones, an interfaith minister and healer who with her team of helpers and volunteers is committed to the spirit of the church as a place of healing and meditation. In this way Verity is putting a modern emphasis on the service and role of the church, honouring the aims and intentions of Sidney Ernest Wiles when he acquired the building in 1966 as a "Spiritualist Healing Church". It was an astonishing decision on his part, which cost him £4,450 and in doing so he donated a gift of love and healing to the community of Barnes beyond price.

The proof of Barnes Healing Church's popularity and value to the community is seen by the increasing number of young people who have chosen our church for sacred ceremonies of all kinds. This year we already have a number of weddings booked at the church, and we warmly welcome those that plan to use our building and ministers for weddings, blessings and sacred ceremonies.
